

## MEDIUM & WIDE STILE STOREFRONT UPGRADES FOR ACCESS CONTROL

Storefront Exit Devices with  
Factory Installed Motorized ELR

**S5800**

Concealed Vertical Rod

**S5200**

Surface Vertical Rod

**S5100**

Rim Mount

### WHAT YOU NEED TO KNOW:

SDC's S5000 is a **heavy duty**, code compliant alternative to magnetic locks for storefront applications that meets the market need for a **storefront exit device** with **electric latch retraction** standard for access control compatibility.

This UL305 panic-rated exit device is American made, featuring all metal construction that is particularly suited to aluminum glass entrances for both manual and automated door openings and new or retrofit applications.

**Nightlatch functionality** is available through the use of a rim key cylinder for **medium and wide stile doors** making these exit devices perfect for **industrial, healthcare, education** and **retail** aluminum glass applications.

For applications that do not require nightlatch function for key override in the event of power loss, then exit only S5000 devices can be utilized on narrow stile doors.

Lastly, the S5000 can be powered by **SDC's AUTO series low energy door operator** with **built-in 1 Amp+ power supply**.

### HOW YOUR CUSTOMER BENEFITS:

- Motorized electric latch retraction
- Electric dogging to hold latch retracted
- Storefront aesthetics and smooth operation
- Compatible with low-energy operators
- UL305 panic-rated, grade 1 durability
- Request-to-exit (REX) optional
- Latch status (LS) optional
- Rim, surface and concealed vertical rod configurations
- Aluminum glass door applications
- American made
